

PROGRAM GUIDELINES

Participants in the CACFP are family child care providers that are regulated by the county, tribe or state. Participating providers receive the following through their sponsors:

- Annual Training
- Monthly reimbursement for nutritious snacks and meals served to children in their care
- Three annual monitoring visits
- Ongoing technical assistance and support

CACFP facilities follow meal patterns established by the USDA.

More Reasons to Participate:

It is always financially beneficial to be on a food program! Yes, you may pay higher taxes because there is more household income, but the additional income always outweighs the tax expense. You will increase your profit!

The required record keeping is beneficial to providers because it documents tax deductions. These records are also required for the IRS and regulators; providers will not have to duplicate paperwork.

Online claiming is available for providers who want to reduce paperwork.

Nutrition resources can be used to enhance your professionalism.

Your child care program quality will be enhanced through education and increased cashflow.

Good nutrition is critical! Children need healthy food to reach their full potential.

**You
Give
You
Get**

**are a regulated family
child care provider**

**nutritious meals and
snacks for the children
in your care**

**submit monthly claims
to your local agency**

**money from the
federal government**

The Wisconsin Child and Adult Care Food Program (CACFP) Sponsors Forum is the unified organization that supports state CACFP sponsors through sharing resources, addressing program requirements, and promoting child nutrition. Each sponsor serves multiple counties, and most counties are served by more than one sponsor. Program regulations and rates of reimbursement are the same under all sponsors.

The Child and Adult Care Food Program is a federal program that helps assure that children and adults in child care settings receive nutritious meals and snacks. The CACFP addresses the nutritional needs of young children through education, program oversight, and financial reimbursement for participating child care facilities. These sponsors are non-profit organizations that recruit, train, monitor, and support family child care homes participating in the CACFP.
